## GreenPower has another stellar quarter

GreenPower has had record sales for the sixth consecutive quarter with 559,824 megawatt hours in the third quarter of 2008. Our latest quarterly report for the period 1 July to 30 September 2008 shows sales up a massive 86 per cent on the same period in 2007. Read the report on the [GreenPower website](#).

## Case Study: Rio Tinto's Iron Ore Group

Rio Tinto's Iron Ore Group in Perth has elected to purchase 50 per cent GreenPower for their Central Park and Quadrant offices in Perth.

Here's what Rio Tinto had to say about their reasoning behind this purchase: "GreenPower was one option we saw as a positive and tangible step towards reducing our environmental footprint."

Read the full case study on the [GreenPower website](#).

## GreenPower accredited generators

Generator	Generation type	Commissioning date	Location
Snowtown Wind Farm	Wind	September 2008	Snowtown, SA
Woy Woy Landfill	Landfill Gas	August 2008	Woy Woy, NSW
